

National Conference

Managing Support Issues: Promoting Positive Partnerships

Monday 5 March 2012

A free one day conference focusing on support issues colleges face when working with learners with complex support needs. Workshops highlighting partnership practice across colleges will form part of the day.

The event will include overviews on:

- Partnership Matters
- Working in partnership with external agencies
- Bursary Support
- Self Directed Support
- The Protecting Vulnerable Groups Scheme (PVG Scheme)

A panel of experts will be available to answer questions regarding support issues.

A Profound and Complex Needs project event. The project is funded by the Scottish Funding Council. The conference is supported by the Scottish Government.

Target Audience

College guidance staff, college education support staff, tutors and curriculum leaders working with students with additional support needs. Representatives from partner support agencies welcome.

Book online at:
